Summary Description/Nature of Change	Key/Implementation Responsibilities	Need	Action Needed	Benefit/Saving	Done/ Study
Merge Capitol Police from the Division of Administration into the Department of Public Public Safety & Corrections, Public Safety Services.	DPSC (Public Safety) and DOA.	Capitol Police currently operate within DOA and essentially serve same purpose and carry out the same duties as State Police officers do in locations outside of the capitol complex.	Executive action	The existence of a separate agency results in duplication of effort and unnecessary redundancy of administrative oversight. Consolidation of Capitol Police activities into Public Safety would result in greater coordination and in time, likely reductions in administrative overhead. SGF savings to be determined.
